Use your ears

Train your ears by:

- Listening to a lot of music in the style you want to play (harp and other instruments)
if you want to support the artists: buy their cd's (digital or physical copies all help make sure they can keep making music)
- Have music on in the background (if there is a specific tune you want to learn, put it on repeat while you are doing something else until you can sing it)
- Listen with intention: sit down, grab a piece of paper and start writing down notes.
 - Listen for repeats in the tune
 - Write down how many parts a tune consists
 - Which parts get repeated?
 - Once you have an A/B/C phrase, listen to repeats within the phrase (question/answer idea)
